

## Main Campus Traffic Plan (Starting January 18, 2011)

- **All** student drop offs and pickups take place on the south side of the building (former bus lane). For safety reasons – **THERE CAN BE NO EXCEPTIONS.**

- Only cars with parking permit stickers will be allowed to enter parking lots before school or at the end of the day.

- Speed Limit in All Areas is 10 MPH. Please drive slowly and be aware of our students walking in lots and in surrounding areas.

- It is imperative that all drivers plan for delays and traffic congestion the first several days. As everyone learns the new traffic patterns, delays will decrease in length.

- Please be conscious of staff in parking/drop zones. They are there to assist with traffic flow and need everyone's cooperation.
