Lakota East Chapter Bylaws

Rev. 3/19/18

The following bylaws are a supplement to those of the NHS constitution.

Article I: Selection

1. Students will be selected for membership in NHS on the basis of the four tenets: scholarship, character, leadership, and service.
2. Students who have achieved a cumulative GPA of 3.5 (weighted) or higher by the spring of their junior year will be invited to submit themselves for consideration by the faculty council.
3. Cumulative GPA of 3.5 or higher as indicated in I.2 will meet the scholarship tenet.
4. Thirty service hours accrued for school and community in three separate activities since grade nine will meet the service tenet.
5. Two different organizational roles will meet the leadership tenet. Leadership is only valid since grade nine.
6. It will be for the faculty council to determine the extent to which the service and leadership accrued by the candidate meet the criteria for such set out in Article II and Article III.
7. The faculty of LEHS will be given the opportunity to object to the character of any candidate by means of a circulated roster and examination of school discipline records where necessary.
8. Objections by faculty (I.7) will be considered by the faculty council in its selection process.
9. The faculty council will be comprised of the five voting members and the non-voting NHS advisers.
10. Candidates' names will be released to the faculty council during the selection process.
11. The identities of the members of the faculty council will remain protected from students and from parents.
12. No candidates shall be considered by the faculty council after the submission deadline for packets set by the advisers.
13. In accordance with the national NHS Constitution, there is no automatic right of appeal in the case of non-selection. As has been established by the courts and by precedent, NHS membership is a privilege extended by the faculty to students it deems to have met a set of criteria, not a right to which non-selected students are being denied.
14. The principal may choose to ask the faculty council to reconsider a candidate only on the grounds that he or she determines that published selection procedures were not followed.
15. Candidates who were not selected for membership or who were unable/unwilling to present themselves to the faculty council in the spring will have another opportunity to be recognized in the fall, provided a GPA of 3.5 has been maintained/achieved at that time.
16. The faculty council will not consider leadership roles or service hours verified by a family member. All such must be independently verifiable.
